

I am a resident of Chandler, AZ and listen to K-LOVE radio on 105.5, 89.1 and 100.9 FM. I am deeply concerned about the proposed LPFM expansion that would take precedence over FM translator service that K-LOVE radio uses to broadcast in Phoenix and other markets.

K-LOVE has had an immense impact on the lives of myself and my family. We enjoy the positive programming, family values and religious content that K-LOVE provides. When I travel for business I am pleased to find K-LOVE also broadcasting in other markets. When I contrast K-LOVE's positive programming message to other stations which play music and support DJs that use offensive language and endorse a lifestyle that is counter to my efforts as a good citizen and parent, I am left to wonder why anyone would want to see an organization like K-LOVE not be available in their community.

Were K-LOVE to be displaced by LPFM programming and discontinue broadcasting, my family and the community would be at a great loss. The world is full of bad things, bad news and broken people and lives. K-LOVE serves as a bright spot of hope for those who choose to listen. Given the world we live in those numbers continue to grow and I believe for the right reasons.

It is in the public interest to maintain the current translator service that a station like K-LOVE relies on. There are numerous occasions where K-LOVE has been there in a desperate time of need for their listeners. They even offer, for free, counseling and prayer services for those who have fallen on hard times by only making a phone call. Anytime people can receive a positive message of hope and turn their lives around is in the best interest of our community and our country. These people become better citizens, commit less crime, rely less on government assistance, volunteer and reach out to their neighbors in need. These are all things government desires to maintain a healthy society and nation.

Thank you for this opportunity to express my deepest desire to support a station like K-LOVE. Please, do not expand the LPFM service that jeopardizes K-LOVE's efforts to make a positive impact on our families, community and our country.
